

AS LEADERS IN SAME-DAY SURGERY, WE PUT YOU FIRST

SurgiCare of Mahwah is a fully accredited, Medicare-approved ambulatory surgical center that offers top-notch medical care in a warm, inviting setting.

Our surgeons are experts in their surgical specialties, and they work with an expert team of anesthesiologists, clinicians and office staff. Our state-of-the-art suites are equipped with the latest technology, which enables our surgeons to perform the latest and most efficient minimally invasive procedures.

Our treatment is unparalleled, but it's our personal approach to care that sets us apart.

WHY CHOOSE A SAME-DAY SURGICAL CENTER?

A smaller, physician-owned surgical center offers many advantages, including:

- **Safety**—Our surgeons, anesthesiologists and clinical staff manage the center and closely monitor all procedures and processes, thereby decreasing your risk of infection or surgical complication
- **Convenience**—We're small and specialized, so you won't wait months for your procedure. We also have a complete imaging center on the premises, so you won't have to go off-site
- **Affordability**—Treatment at a multispecialty same-day surgical center is overall more cost-effective compared with hospital-based care.
- **Compassion**—We welcome any questions or concerns you may have about your surgery. Our caring staff will put you at ease.

WHAT WE OFFER

Our highly skilled surgeons perform the latest minimally invasive same-day procedures in the following therapeutic areas:

- Orthopedics
- Gastroenterology
- Ophthalmology
- Pain Management
- Plastic Surgery
- Podiatric Surgery
- Spinal Surgery
- Urology

Board Certified for Anesthesiologists. Our team is ready to provide anesthesiology for our minimally invasive same-day surgeries. Rest assured that you will be safe and comfortable
