

AS LEADERS IN *SAME-DAY SURGERY,* WE PUT YOU FIRST

SurgiCare of Oradell is a fully accredited, Medicare-approved ambulatory surgical center that offers top-notch medical care in a warm, inviting setting.

Our surgeons are leaders in their therapeutic areas, and they work with an expert team of anesthesiologists, clinicians and office staff. Our state-of-the-art suites are equipped with the latest technology, which enables our surgeons to perform the latest and most efficient minimally invasive procedures.

Our treatment is unparalleled, but it's our personal approach to care that sets us apart.

WHY CHOOSE A SAME-DAY SURGICAL CENTER?

Having your same-day procedure done at a smaller, privately owned surgical center offers many advantages, including:

- **Safety**—Our surgeons, anesthesiologists and clinical staff take ownership of the center and closely monitor all procedures and processes, so your risk of infection or surgical complications is minimized
- **Convenience**—We're nearby. We're small and specialized, so you won't wait months for your procedure. We also have a complete imaging center on the premises, so you won't have to go off-site
- **Affordability**—Treatment at a multispecialty same-day surgical center is overall more cost-effective compared with hospital-based care. As a result, your co-pay should be lower
- **Compassion**—We're never too busy to answer your questions and address any concerns you may have
- **Comfort**—Our waiting rooms have all the touches of home, and our caring staff will put you at ease
